

BRAY SUPER STRETCH WINDSHIELD SKIN

A New Profit Center for Your Business!

IMPACT-RESISTANT

Helps to prevent windshield cracking from minor impact (rocks, pebbles, and other road rash).

SCRATCH-RESISTANT

Bray Windshield Skin can withstand normal wear and tear but will need to be replaced regularly to maintain ultimate visibility.

OPTICALLY CLEAR

Bray Windshield Protection is optically clear like the windshield on which it is installed.

Infrared Surface Blockers	15%-20%
Glare Reduction	4%-7%
Pencil Hardness Per Layer	Yes – Exterior Weather Treatment

IMPORTANT INFORMATION

- Please contact the vehicle manufacturer to verify that the addition of windshield protection does not interfere with any ADAS or onboard systems such as anti-collision, lane departure, auto pilot, and others.
- Please check all local, state, and federal laws regarding the legality of windshield film installation.
- Windshield protection film is temporary in nature and clarity will diminish over time. Remove the film as soon as visibility is compromised.
