

Care and Maintenance

DO NOT ROLL DOWN YOUR WINDOWS FOR at least two (2) days after installation.

DO NOT CLEAN YOUR WINDOW FILM FOR at least two (2) days after installation.

WHY? The installation solution needs time to dry so the adhesive can bond to the glass. Dry time is determined by weather conditions and the type of window film installed.

DON'T WORRY - IT'S NORMAL

Shortly after installation, a slight haze may appear. In some situations, a few small water bubbles may collect. This trapped moisture will dry and disappear. If trapped moisture persists, return to the authorized dealer for service.

IMPORTANT

IDS Automotive Window Films come with a durable scratch-resistant coating. For cleaning and drying, use a mild soap and clean, non-abrasive towels. To extend the life of your window film, adhere to the following Care & Maintenance Tips.

CARE & MAINTENANCE TIPS

Please clean film with a mixture of mild dish soap and water. (Do not use ammonia-based cleaners.) Always use non-abrasive towels free of contaminants. The scratch-resistant coating has protective limitations.

BE CAREFUL

Hard blunt objects, such as jewelry or seatbelts, can scratch the film. Scratch damage to the film is NOT covered under warranty.

The limited warranty coverage is void if installation of the Product violates any law or regulation in the state where it is used. This warranty is void unless the Product is applied by an IDS authorized professional application technician with proper care on interior glass surface of the vehicle. To the extent prohibited by applicable law, any implied warranties, including the implied warranty of merchantability or fitness for a particular purpose on this Product is expressly limited to coverage period of this warranty. Some states provide for implied warranties and with this exception this warranty is hereby limited. This Warranty is exclusive and in lieu of all other warranties, agreements, and similar obligations of Seller and/or IDS with respect to repair and replacement of the film. WARRANTY CLAIMS

This warranty provides for specific legal rights that may vary from state to state. This warranty shall be construed by the laws of the State of Maryland without regard to conflict of law principles. Buyer must contact the Seller within the applicable warranty period to initiate a warranty claim. IDS shall be solely responsible for determining validity of all claims and reserves the right to deny claims that do not meet the criteria described above. In the unforeseen event that the Buyer experiences a covered Product defect, Seller will remove and replace the defective Product upon warranty service authorization from IDS. Upon warranty service authorization, IDS will guide Buyer to Seller or to another independent window film dealer who has been authorized by IDS to perform the warranty service.
