# What is Belbien?

Belbien Architectural Finishes are a flexible adhesive backed product that's embossed to not only look, but also feel like the real thing.

These finishes achieve the look and feel of woodgrain, metal, marble, stucco, fabrics, on any smooth nonporous surface.

# Multi-Layer Technology

Air exits through specially designed narrow grooves as pressure is applied with the squeegee.

# Sustainable Building

## Wood Grain patterned belbien to choose from

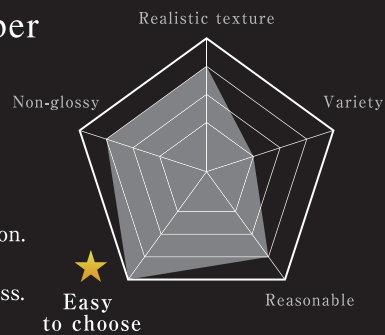

### WR “Wood Regular” Series

Easy to choose thanks to large number  
of carefully selected wood types  
and gradation development.

- Six sure-fire wood types that include classic models and new trends.
- The same wood grain patterns are arranged by gradation.
- Easy to change colors after you've selected them.
- Nude Matte with natural wood texture and reduced gloss.

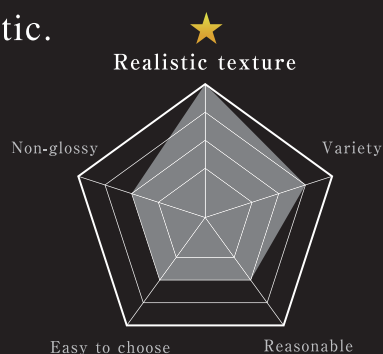

### SW “Super Real Wood” Series

Extremely realistic.

- As close as you can get to the texture of real wood.
- Creates a powerful impression that never gets dull even in large spaces.

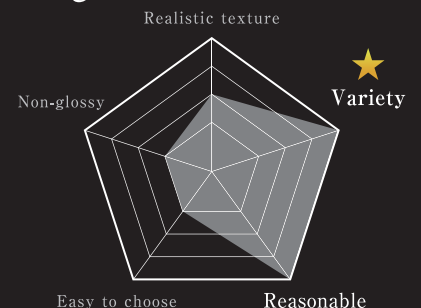

### W “Wood” Series

Wide variety of designs.

- Vast selection ranging from classic to uniquely original and large patterns.
- An easy-to-use lineup at a reasonable price range.

Ideal for harsh environments like exteriors.  
Multi-functional all-rounder product.

- ◆ History of use and experience exceeding 30 years
- ◆ Stable and long-lasting functions
- ◆ Product can withstand a variety of usage environments
- ◆ Improved workability in application

Exterior wall, eaves, siding  
Signboards Elevator car walls and doors  
Suitable for wet areas and smoking rooms

**belbien EX properties** : Improved functionality in addition to the basic functions of belbien

 **Salt damage resistance**

The fluorine-treated surface prevents deterioration caused by sea breeze.

 **Scratch resistance**

The material is treated to allow sharp objects like metal tips to slide off it, preventing significant damage like scratching and tearing.

 **10 years of weather resistance**

Its weather resistance properties provide protection against fading and discoloration for about 10 years. (The material's performance is not guaranteed)

 **Stain resistance**

The material's special fluorine treatment prevents dirt from sticking to it, and makes it easy to remove when it does.

 **Chemical resistance**

Severe stains are easily removed with organic solvents like alcohol or thinner.

**Enhanced ease of application**

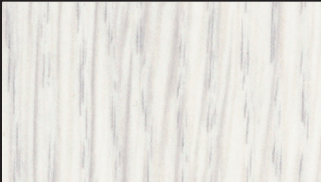

The new hybrid paper used for this product allows air to escape during application making it easier to apply.
